

The **Minnesota Mom** series tells the story of God taking ordinary people and moving them into position to transform a nation. **Rescue the Captors** and **The Guerrillas Have Taken Our Son** tells the story of Russell's kidnapping, an event that God turned around to bring incredible good into many, many lives. **Walking in the Spirit in Colombia** recounts one adventure after another including the time Chaddy went over the side of a mountain in a bus and fell end over end for several hundred feet. The **booklets**

(\$1 each) tell important lessons learned by the Stendals during their 40+ years of ministry. **Amazing Faith** recounts the stories of God's work in the lives of 15 Christian leaders – including the KGB interrogation of George Verwer, and the true story behind Dr. Gary Chapman, author of the Love Languages resources. **Weathering Storms** is a sometimes hilarious account of God in everyday life with plenty of practical wisdom along the way. **The Blue Collar Prophet** is Tom Stamman on the loose, confronting gangs and Satanists and teaching valuable lessons along the way about hearing from God.
